We required a CFO to join our team responsible for the Canadian expansion of a successful US retailer. This enabled us to select the ideal person for the position.

We are experienced in virtually all aspects and levels of Executive Search from middle management to Senior Executive positions.

Osprey Executive Search placed a Vice President Sales and Marketing for our insurance software company. This person was quickly promoted to President allowing us to initiate the next phase of our business plan. My role as General Manager was to execute this development and Osprey's effective placement allowed this to happen in an efficient and seamless manner.

They were able to meet our expectations and provide solid candidates in a very short period of time. They have an extensive network that they use to search candidates.
